ARTICLE V. COMMITTEES OF THE BOARD
Section 1. Committees
The following committees shall be appointed by the Board of Directors and such committees shall be composed of no more than seven regular member volunteers selected by the Board of Directors, including one volunteering regular member Chairperson and Secretary.
1. Election Committee
2. Finance Committee
3. Infrastructure Committee
4. Lake and Habitat and Fisheries Committee
5. Appeals Committee
6. Membership Services and Safety Committee

Justification: Why is this change needed?
Currently there is no committee overview of security processes, procedures, handbook changes, or building code changes. Committee review would give community input to those processes and add a layer of scrutiny to the processes and procedures that are implemented. The goal would be to reduce unintended consequences from changes that are implemented and to add clarity and consistency to our handbook. Another goal would be to reduce the amount of interaction between our security patrol and our membership, giving our security patrol more opportunity to focus on helping our membership and less time spent on enforcement of violations.

Impacts: If not approved, what are the consequences? Status quo, no committee overview of these processess
